

COVID-19 Financial Aid Appeal Form

We acknowledge that everyone has been negatively impacted by the COVID-19 pandemic and know that for a variety of reasons your academic performance may have been no exception. As a result, we have provided this abbreviated appeal form for you to request that your financial aid be restored for summer semester 2020.

We ask that you simply answer the following questions honestly:

1. Tell us how, specifically, COVID-19 impacted your spring 2020 academic performance. For example, struggling with the virtual format, lack of internet access or laptop, needing to relocate, job or family issues, etc.:

2. On about what date did your academic difficulties begin? _____

If the last dates of attendance in your spring courses correspond to when CFK transitioned to all virtual formatting, your appeal will be approved. If not, we will ask you to complete our regular Satisfactory Academic Progress Appeal and Academic Plan that can be found on the Financial Aid Forms web page on the CFK website.

Completed appeals can be sent by the following means:
