

**2026-2027 Dual Enrollment Articulation Agreement Between
The Basilica School of Saint Mary Star of the Sea and The College of the Florida Keys**

WHEREAS, Florida Statute 1007.271 allows for the development of dual enrollment agreements between The Basilica School of Saint Mary Star of the Sea and the District Board of Trustees of The College of the Florida Keys for the purpose of providing a primary framework within which all future interinstitutional objectives and activities shall be described, and

WHEREAS, The Basilica School of Saint Mary Star of the Sea hereinafter referred to as "The Basilica School", and the District Board of Trustees of The College of the Florida Keys, hereinafter referred to as "CFK" desire to implement the above statute, an articulation committee with representation from The Basilica School and CFK shall be established. A committee shall be formed by The Basilica School and CFK and shall review the dual enrollment articulation agreement. The dual enrollment articulation committee shall consist of at least one member appointed by the President and Principal of The Basilica School and one member appointed by the President of CFK. The committee will vet the agreement with pertinent members of each institution and recommend the agreement to each Board.

For the 2026-2027 dual enrollment articulation agreement, the dual enrollment articulation committee consisted of the President and Principal (The Basilica School and Executive Director, Student Success and Director of Academic Affairs (CFK). Each member of the committee worked with internal constituents of their institution to come up with proposed modifications to the agreement. The committee negotiated and drafted the dual enrollment articulation agreement. The dual enrollment articulation agreement shall be reviewed and approved by The Basilica School President, the CFK President, and the CFK Board of Trustees.

The term of this agreement shall commence August 1, 2026, and end July 31, 2027. This agreement shall continue for annual terms beginning August 1, 2026 unless terminated as hereinafter provided.

- A. The Basilica School and CFK shall review jointly this agreement and performances of parties hereunder each year in order to assure both parties that it continues to serve their mutual interest.
- B. Either party shall have the right to terminate this agreement by delivery of written notice to the other party not less than ninety (90) days prior to the effective date of said termination.

NOW, THEREFORE, The Basilica School and CFK for the consideration hereinafter described, agree as follows:

1. A ratification or modification of all existing articulation agreements.

The signing of this agreement shall attest to the ratification of the dual enrollment agreement between The Basilica School and CFK.

2. A description of the process by which students and their parents/guardians are informed about opportunities for student participation in the dual enrollment program.

CFK and The Basilica School will engage in an extensive joint public relations campaign. Each year, prior to the beginning of the joint dual enrollment publicity campaign, The Basilica School administration will ascertain that principals and school counselors understand that facilitating dual enrollment participation is a priority of The Basilica School and CFK; CFK shall do likewise with its faculty and staff. In addition, The Basilica School will host school curriculum nights which present dual enrollment opportunities. Curriculum guides will be distributed by The Basilica School which will outline dual enrollment offerings. Information from these sessions will be shared with CFK.

CFK representatives will meet with each high school principal or designee to determine dates of school events at which dual enrollment can be promoted. At the events agreed upon by both parties, CFK representatives will notify students and parents of the option to participate in dual enrollment and the dual enrollment application process. The school principal or school counselors may ask CFK staff to be available to speak to students regarding dual enrollment opportunities. Included in these events will be a discussion of the purpose of dual enrollment, types of college degrees, career planning, and the implications of establishing a college transcript while still in high school. Students will be informed of eligibility criteria and options for taking dual enrollment courses beyond the regular school year, including taking classes during school hours, after school hours, and during the summer semester.

3. A delineation of courses and programs available to students eligible to participate in Dual Enrollment.

Dual Enrollment is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a college credit certificate, an associate degree or baccalaureate degree. Dual Enrollment, an articulated acceleration mechanism between The Basilica School and CFK, shall serve to shorten the time necessary for students to complete the requirements associated with the conference of a degree, broaden the scope of curricular options available to students, and increase the depth of study available for a particular subject by offering college credit courses to eligible high school students as provided in the dual enrollment agreement. Students enrolled are exempt from the payment of tuition and laboratory fees.

The Early College Program is a form of dual enrollment permitting high school students to enroll in college courses on a full-time basis at CFK's main campus or one of its centers. Early College Program students must be enrolled in their local high school and obtain advance approval from their high school principal to participate in the program ensuring that their college credits apply toward high school graduation. Participation in the Early College Program shall be limited to students in grades 11 and 12. A student must enroll full-time, with at least 12 college credits, each semester to participate in the Early College Program.

CFK and The Basilica School do hereby agree with each other as follows:

Course Offerings – College-level courses, including college credit and career and technical education credit, may be offered by CFK for high school students participating in dual enrollment. Students who meet the dual enrollment eligibility requirements shall be allowed to enroll in courses on the *Dual Enrollment Equivalency List* found here: [Dual Enrollment Equivalency List](#). Courses on this list are guaranteed to satisfy high school graduation subject area requirements. Students may also enroll in other approved courses offered by CFK that are listed in the Statewide Course Numbering System. These courses will count as elective credit toward high school graduation unless otherwise listed below.

Courses of less than three (3) college credits, with the exception of courses designated as lab courses, shall not be eligible for Dual Enrollment. Courses with lab fees over \$225 are only eligible for dual enrollment if the student is approved through the CFK Lab Grant Procedure.

Approved courses shall be credit-bearing courses leading to the completion of a college credit certificate, an associate degree, or a baccalaureate degree and shall not include remedial or physical education skills courses.

Approval to enroll in a dual enrollment course does not guarantee applicability toward satisfaction of requirements for eligibility for Bright Futures scholarships.

4. A description of the process by which students and their parents exercise options to participate in Dual Enrollment.

Students and parents who wish to exercise their option to participate in dual enrollment must follow the enrollment process below. This procedure will appear on the CFK dual enrollment website. Dual enrollment students may sign up for courses during the same time frame as traditional students.

- A. Parents and students should evaluate and research the student's education and career goals. The website www.floridashines.org is an excellent educational planning website.
- B. Browse through the CFK catalog to identify the degree programs and courses that interest the student.
- C. Meet with the high school counselor to discuss the student's goals and the CFK accelerated education options that can help the student reach them.
- D. Arrange for free college placement testing (PERT) or to have college placement test scores (see approved list here: <https://www.fldoc.org/schools/higher-ed/fl-college-system/academics/common-placement-testing.shtml>) sent to CFK if the student plans to enroll in college credit courses and has not taken an appropriate college placement test.
 1. Students must make an appointment to take the PERT test.

2. To make an appointment, students must complete the PERT Authorization Form with their high school counselor and return it to CFK after completing the CFK Dual Enrollment Admission Application.
3. Alternatively, the high school counselor can call the testing coordinator at the appropriate campus to schedule an appointment and the student must show up thirty (30) minutes prior to testing with all completed forms.
4. Once the student has been assigned a student ID by CFK, they may take the PERT test.
5. Students are responsible for returning test scores to their high school counselor.
- E. Complete all sections of the CFK Dual Enrollment Admission Application and Dual Enrollment Eligibility Form and secure all the required signatures.
- F. Submit completed CFK Dual Enrollment Admission Application to the CFK Admissions/Enrollment Office for processing.
- G. Meet with a CFK Academic Advisor to review and approve suggested classes.
- H. Submit Dual Enrollment Course Approval Form with high school counselor approval to the CFK Advising Services Office for processing.
- I. Parents and students should familiarize themselves with CFK's course drop and withdraw policies.
 1. Students may drop from a course only during the published drop period. This effectively removes the course from the student's transcript.
 2. After the CFK drop period has passed, students may withdraw from the course up to the 70% point of the course. Students must follow the approved CFK drop and withdraw procedure. Courses from which students withdraw from will appear on the student's transcript with a grade of a "W".
 3. For specific dates, please consult the academic calendar on the CFK website.

For students taking dual enrollment courses on the high school campus, a student must meet with their high school counselor prior to completing the CFK Dual Enrollment Admission Application. The CFK Dual Enrollment Admission Application includes certification of a student's eligibility in regard to grade point average and assessment scores. A student must be fully registered at CFK to enroll in a dual enrollment course taught on the high school campus. Therefore, high schools may not list a dual enrollment course on a student's high school schedule until CFK approves course rosters.

The CFK Dual Enrollment Admission Application should be completed by the "student application deadline" as outlined in the CFK Operational Calendar by Semesters 2026-2027.

For students taking dual enrollment courses on the CFK campus, a student must meet with their high school counselor prior to completing the CFK Dual Enrollment Admission Application and submit the CFK Dual Enrollment Eligibility Form to CFK.

The Basilica School will provide rosters for dual enrollment courses offered on their campus to the Office of Enrollment Services no later than two weeks from the start of their term.

The Basilica School instructors will enter their final grades via the CFK online services no later than three days from the end of their term.

Grades, Credits and Withdrawals – (1007.271(16) F.S.) requires districts to “weigh dual enrollment courses the same as Advanced Placement, International Baccalaureate, and Advanced International Certificate of Education courses when grade point averages are calculated.”

The Basilica School will accept dual enrollment course grades from CFK’s official college transcript or other official notification from CFK and will enter the State Course Numbering System (SCNS) course prefix/number and grade, including a “W” code to the high school transcript.

- If the high school student withdraws from a college course by the end of CFK’s drop period and the CFK transcript does not reflect a course or grade, the high school can omit the entry of the postsecondary course to the high school transcript.
- If a student withdraws from a dual enrollment course and CFK coded the withdrawal with a “W” code, the high school must enter a “W” code for the dual enrollment course to the high school transcript.

5. Initial student eligibility requirements for participation in Dual Enrollment.

The Basilica School and CFK have developed enrollment criteria and a screening process to identify and select students for enrollment in dual enrollment as to assure that students selected are appropriately prepared to benefit from college-level courses. The enrollment criteria are:

- Student must be an eligible secondary student as defined in Florida Statute 1007.271 with an unweighted high school GPA of 3.0 and demonstrated readiness for college course work through scores one of the following Postsecondary Educational Readiness Test (PERT), or approved FLDOE assessments (see approved list here: <https://www.fldoe.org/schools/higher-ed/fl-college-system/academics/common-placement-testing.shtml>) . For students who do not meet the GPA requirements, the high school principal may make a recommendation to the Executive Vice President of Academic Affairs to grant an exception. The high school principal will draft a letter providing evidence as to why an exception should be made for the individual student. The Executive Vice President of Academic Affairs will decide based upon evidence presented by the principal which would indicate that the student is capable of academic success in a college level setting.
- Recommendation from the school counselor, assistant principal, or the principal.
- Expressed intent by the student to pursue a postsecondary degree or college certificate.
- In addition to prerequisites listed in the current CFK catalog, if a course has no placement prerequisite, the students must score at college level reading on the PERT, or FLDOE approved assessments (see approved list here: <https://www.fldoe.org/schools/higher-ed/fl-college-system/academics/common-placement-testing.shtml>) Students must satisfy the college preparatory testing requirements of Section 1008.30(4)(a), F.S. and Rule 6A-10.0315, F.A.C., which is hereby incorporated by reference. Students who have been identified as deficient in basic competencies in one of the areas of reading, writing or mathematics, as determined by scores on a postsecondary readiness assessment identified in Rule 6A-10.0315, F.A.C., shall not be permitted to enroll in college credit courses in

curriculum areas precluded by the deficiency. Students may enroll in college credit courses that are not precluded by the deficiency; however, students may not earn more than twelve (12) college credit hours prior to the correction of all deficiencies. Exceptions to the twelve (12) college credit hour limitation may be granted by CFK provided that the dual enrollment student is concurrently enrolled in a secondary course(s) in the basic competency area(s) for which they have been deemed deficient by the postsecondary readiness assessment. In addition, the secondary student that has accumulated twelve (12) college credit hours and has not yet demonstrated proficiency in the basic competency areas of reading, writing and mathematics must be advised in writing by The Basilica School of the requirements for associate degree completion and state university admission, including information about future financial aid eligibility and the potential costs of accumulating excessive college credit, as outlined in Section 1009.286, F.S.

- Alternative methods to common placement tests. Pursuant to Section 1008.30, F.S., Florida College System institutions may use alternative methods in lieu of the common placement tests.
- Credit-by-examination. Students achieving passing scores and receiving credit for college-level communication or computation pursuant to the credit-by-examination equivalency list in Rule 6A-10.0315, F.A.C., shall have previously demonstrated readiness for college-level coursework.
- In order to remain eligible for college credit coursework, students must maintain the high school grade point average required for initial enrollment.
- Students whose CFK grade point average falls below 2.0 will be placed on academic probation.
- Students whose CFK cumulative grade point average falls below 1.0 will not be eligible for dual enrollment.
- Participation of exceptional student education (ESE) students must be in accordance with statutory eligibility requirements and with the procedural guidelines and district-college responsibilities delineated in this dual enrollment agreement.
- In order to be considered a full-time Dual Enrollment Early Admission student, the student must enroll in a minimum of twelve (12) college credit hours each semester.
- Regardless of meeting student eligibility requirements for continued enrollment, a student may lose the opportunity to participate in a dual enrollment course if the student is disruptive to the learning process such that the progress of other students or the efficient administration of the course is hindered.

The Basilica School counselors or designee will monitor student performance and eligibility for dual enrollment.

6. A delineation of the high school credit earned for the passage of each Dual Enrollment course.

High School credit will be awarded by The Basilica School as mandated by the current *Dual Enrollment Equivalency List* found here: [Dual Enrollment Equivalency List](#). Any course in the Statewide Course Numbering System, with the exception of remedial courses and physical

education skills courses, may be offered as Dual Enrollment. Three-credit (or equivalent) postsecondary courses taken through dual enrollment that are not listed in the *Dual Enrollment Equivalency List* shall be awarded at least 0.5 high school credits (postsecondary courses offered for fewer than three (3) credits may earn less than 0.5 high school credit), either as an elective or subject area credit as designated in this dual enrollment articulation agreement.

7. A description of the process for informing students and their parents of college-level course expectations.

CFK and The Basilica School will make use of jointly agreed-upon advising documents designed to inform students about college level expectations and to assist students with program planning and course decisions. This information is also covered in advising sessions.

A formalized process has been designed between the high school counselor and CFK. The information listed below has been added to the CFK Dual Enrollment Authorization Form and the CFK Dual Enrollment Admission Application.

- A. Any letter grade below a "C" will not count as credit toward satisfaction of the requirements in Rule 6A-10.030, F.A.C.; however, all grades are calculated in a student's GPA and will appear on their CFK transcript.
- B. All grades, including "W" for withdrawal, become a part of the student's permanent CFK transcript and may affect subsequent postsecondary admission.
- C. While appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses which some parents may object to for minors. Courses will not be modified to accommodate variations in student age and/or maturity.
- D. Students should carefully select courses to meet degree requirements, including approved program common prerequisite courses, in order to minimize student and state costs for excess hours.
- E. In order to continue participation in dual enrollment, students must maintain the high school grade point average required for initial enrollment.
- F. Dual enrollment students should utilize the Degree Program Requirement resources provided on the Florida Shines web site (www.floridashines.org) or equivalent resource to minimize enrollment in a random selection of CFK courses.

Faculty Standards – CFK shall assume responsibility for the maintenance of the instructional quality (1007.235(2)(b)8 F.S.). Dual enrollment instructors teaching courses that are part of the high school schedule shall be The Basilica School instructors selected through mutual agreement between CFK and the respective high school principal or regularly employed faculty of CFK. Any instructor selected to teach dual enrollment will be designated as a faculty member of CFK and must adhere to the following standards:

- (a) All full-time or adjunct faculty teaching dual enrollment courses must meet CFK's faculty credentialing requirements that are in compliance with the Higher Learning Commission, for postsecondary instructors in the course and discipline in which they are teaching. These criteria apply to all faculty teaching postsecondary courses regardless of the physical

location of the course being taught. CFK shall ensure faculty teaching dual enrollment courses meet these qualifications.

- (b) Postsecondary transcripts of all full-time or adjunct faculty teaching dual enrollment courses must be filed with CFK, regardless of who employs or pays the faculty member's salary. For dual enrollment courses taught on high school campuses, the faculty transcripts must be submitted to CFK for filing.
- (c) CFK shall provide all full-time and adjunct faculty teaching dual enrollment courses with an electronic copy of the CFK Faculty Manual. Faculty shall adhere to the professional guidelines, rules, and expectations therein. Any exceptions to such requirements must be noted in this dual enrollment agreement.
- (d) CFK shall provide all full-time and adjunct faculty teaching dual enrollment courses with a current electronic CFK Student Handbook detailing information that includes, but is not limited to, drop and withdrawal policies, student code of conduct, grading policies, and critical dates. Faculty shall adhere to the guidelines, rules, and expectations therein that apply to faculty. Any exceptions to such requirements must be noted in the dual enrollment agreement.
- (e) CFK shall provide all adjunct faculty teaching dual enrollment courses with a full-time faculty contact or liaison in the same discipline.
- (f) All full-time and adjunct faculty teaching dual enrollment courses, regardless of location of instruction, shall be observed by a designee of the college president and evaluated based on the same criteria used for all other full-time or adjunct faculty delivering college courses at CFK.
- (g) CFK shall provide all full-time and adjunct faculty teaching dual enrollment courses with a copy of course plans and objectives for the college course they are teaching at least two weeks before the beginning of each semester. In addition, faculty shall be provided with information on additional requirements related to Rule 6A-10.030, F.A.C., if applicable. All course objectives and identified competencies must be included in the course plan and covered per the syllabus during the semester.
- (h) All full-time and adjunct faculty teaching dual enrollment courses shall file a copy of their current course syllabus with CFK's department chair prior to the start of each term. Content of the syllabus must meet the same criteria as required for all college courses offered at that institution.

Where applicable, each party shall ensure all instructors having contact with minors are in compliance with sections 1012.32, 1012.465 and, Florida Statutes (2005) as well as with the requirements of House Bill 1877, The Jessica Lunsford Act (2005).

Curriculum Standards – In compliance with CFK's academic policies and Florida Rule 6A-14.064, F.A.C., the following curriculum standards shall be adhered to:

All courses taught as part of dual enrollment must meet the postsecondary course content requirement as specified in the Statewide Course Numbering System.

- a) Dual enrollment courses taught on the high school campus must meet all competencies expected and outlined in the postsecondary course plan. To ensure equivalent rigor with on-campus courses, CFK shall be responsible for providing a comprehensive, cumulative

end-of-course assessment or a series of assessments of all expected learning outcomes. Assessments shall be provided to the high school campus dual enrollment course instructor by CFK at least two weeks before the beginning of the semester to ensure availability prior to scheduled administration dates. Completed, scored exams will be returned to CFK and held on file for a period of one (1) year.

- b) Textbooks and instructional materials used in dual enrollment courses must be the same or comparable with those used with other courses at CFK with the same course prefix and number. CFK will advise the school district of instructional material requirements as soon as that information becomes available, but no later than forty-five (45) days prior to a course being offered.
- c) Course requirements such as tests, papers, or other assignments for dual enrollment students must be at the same level of rigor or depth as those for all non-dual enrollment postsecondary students. All full-time and adjunct faculty teaching dual enrollment courses must observe CFK's procedures and deadlines for submission of grades in the appropriate format. All faculty will be advised of postsecondary institution-wide grading guidelines prior to teaching a dual enrollment course.
- d) Dual enrollment courses taught on a high school campus shall ensure minimal interruptions of instructional time. A student shall lose eligibility to participate in dual enrollment if the secondary institution where a course is being offered determines that a student is being disruptive to the learning process, such that the progress of other students and the efficient administration of the course are hindered.
- e) Dual enrollment courses may not be combined with other high school courses.

Evaluation:

- (a) CFK shall analyze student performance in dual enrollment to ensure that the level of preparation and future success is comparable with non-dual enrollment postsecondary students. CFK shall conduct follow-up analysis on grades of dual enrollment students in subsequent college courses taken at CFK to ensure that level of preparation and future success is comparable with non-dual enrollment postsecondary students. Analyses and recommendations shall be shared and reviewed with the principal and local school district.
- (b) The Basilica School shall use information provided by CFK to analyze course and instructor evaluations for dual enrollment courses on the high school campus. Analyses and recommendations shall be shared and reviewed by both CFK and the high school.
- (c) Any course-, discipline-, college-, or system-wide assessments that a postsecondary institution requires in non-dual enrollment sections of a course shall also be used in all dual enrollment sections of the course.
- (d) CFK shall compare student performance, to include final grade and exam, of dual enrollment course offerings on high school campuses and the CFK campuses to ensure that results are comparable to non-dual enrollment sections. Results will be made available to the principal, The Basilica School, the President of CFK, and the Florida Department of Education.

12. The responsibilities of the The Basilica School regarding the determination of student eligibility before participating in dual enrollment and the monitoring of student performance while participating in dual enrollment.

Student Advising – High school counselors are responsible for advising students relative to their dual enrollment curricular choices and ensuring that they meet the requirements for high school graduation. CFK communicates as needed with high school counselors regarding degree/course requirements.

All students are strongly encouraged to meet with their high school counselor to determine the appropriate courses to meet their high school graduation requirements and count toward post-secondary academic goals. This step applies to students taking classes at the high school location as well as to those enrolled at a CFK campus.

CFK will provide academic advising services for students participating in dual enrollment that will consist of the following components:

At or near the start of the student's first semester of enrollment, he/she will be contacted by CFK and provided the opportunity for an in-person advising session. Advising sessions will be provided at the high school or CFK site. As part of the advising session, the following topics will be covered:

- CFK program options
- Program planning
- Common pre-requisite planning
- Methods for coordinating high school and CFK course planning

Dual enrollment students will have the same access to advising and program planning tools and resources that traditional CFK students have. In addition, students with disabilities will have access to high school counselors in coordination with the Office of Student Accessibility Services. Students with accessibility service needs will address transition activities through the development of postsecondary goals on their Individual Education Plans.

Students will be provided access to a qualified CFK advisor on an appointment basis throughout the year. Before registering for dual enrollment courses, all students must meet with their high school counselor for advising and approval of course selection.

Student Monitoring – High school counselors will monitor students' eligibility to continue to participate in Dual Enrollment and will verify eligibility on the CFK dual enrollment Authorization Form.

To monitor student progress, a CFK representative will contact the high school counselor and CFK advising staff if a student is not mastering the class and is in danger of receiving a D or F. The high school counselor will contact the student and discuss the situation and options for success.

PERT Testing – The PERT may be administered to high school students by CFK upon request by the The Basilica School high school principal or counselor at times and places based on mutual agreement. This test date will vary by campus. The 45-day waiting period can be waived by request of the principal or counselor.

To be permitted to take the PERT for dual enrollment purposes, all students must complete the CFK Dual Enrollment Admission Application and PERT Authorization Form. The student must bring the completed PERT Authorization Form to the CFK assessment staff member on the date the test has been scheduled. This form will be provided to each high school. Students who wish to take the PERT who qualify under 1008.30 F.S. will not be required to complete an application for admission. However, The Basilica School will provide CFK with all required biographical data of students who wish to take the PERT under 1008.30 F.S. This information will be provided to CFK in an electronic format.

Students seeking to take the PERT for dual enrollment purposes and those seeking to take the PERT under 1008.30 F.S. will not be tested in the same cohort. Every effort will be made to ensure all dual enrollment testing and 1008.30 F.S. testing will be completed in a timely manner to meet DOE deadlines. All retesting will take place at CFK.

The PERT may be administered at a testing center at CFK or on the high school campus as arranged by mutual consent. Reasonable accommodations will be provided at the test site for the administration of the PERT to students with accessibility service needs.

Should CFK administer the test, CFK will be responsible for providing test security, procedures, and instructions at all testing sites. In this event, a CFK staff member will provide test materials and test administration at all testing sessions.

The PERT may be administered to students in high school as determined by each participating high school principal. Each high school will be responsible for notifying students about the test. CFK will provide the PERT test materials at no charge to The Basilica School students who qualify for dual enrollment for the administration of the first two testing attempts. Additional requests for PERT test administration will be charged to the student at a rate of \$10 per re-test. Students who are testing under 1008.30 F.S. requirements will not be charged for PERT testing.

CFK will provide test results for individual students immediately following the test. Aggregate electronic results files will be provided to each high school and the The Basilica School district office at the end of each semester or as requested.

13. The responsibilities of the Florida College System institution regarding the transmission of student grades in dual enrollment courses to the school district.

CFK Transcripts and Grade Reporting – At the end of each term, CFK will provide the THE The Basilica School Dual Enrollment Coordinator with final grades for all students enrolled under the provisions of this agreement.

All full-time and adjunct faculty teaching dual enrollment classes must observe college procedures/deadlines for submission of grades in the appropriate format. Dual enrollment instructors will use CFK's online services to submit grades.

The Basilica School will accept dual enrollment course grades from CFK's official college transcript or other official notification from CFK and will enter the SCNS course prefix/number and grade, including a "W" code, to the high school transcript.

14. A funding provision that delineates costs incurred by each entity.

Tuition and Fees – Dual enrollment students shall be exempt from the payment of tuition, laboratory, and textbook fees (1007.271(13) F.S.).

Textbooks/Instructional Materials – Textbooks/instructional materials used in dual enrollment classes must be the same or comparable with those used in other postsecondary courses at CFK with the same course prefix and number. CFK instructional staff will advise the school district of instructional material requirements as soon as that information becomes available, but no later than 45 days prior to a course being offered. Textbooks/instructional materials shall be provided to the student at no cost. Textbooks/instructional materials required for fall and spring semester courses must be purchased by The Basilica School, will remain the property of the school, and must be returned by students at the end of each semester. Textbooks/instructional materials required for summer semester courses must be purchased by CFK, will remain the property of the College, and must be returned by students at the end of the semester. Students should contact their school counselor for the current textbook procedure. Instructional materials used in Dual Enrollment must have a life of at least three (3) years or if changed before then, must be approved by the Articulation Committee.

Financial Arrangements (Responsibility for Cost) – The Basilica School is financially responsible for any tuition, fees, or instructional material costs associated with dual enrollment courses taken by its students that are **not reimbursed** by the Florida Department of Education under the Dual Enrollment Scholarship Program (F.S. 1009.30). This includes, but is not limited to:

- Courses or students deemed ineligible for reimbursement;
- Late or incomplete submissions that result in denied reimbursement;
- Any portion of costs exceeding the reimbursement maximum established by the Florida Department of Education.

CFK shall make reasonable efforts to seek reimbursement through the Dual Enrollment Scholarship Program. If reimbursement is denied or only partially granted, CFK will invoice The Basilica School for the outstanding balance.

In accordance with state law, The Basilica School shall pay the standard tuition rate per credit hour to CFK when such instruction takes place on the postsecondary campus to cover instructional and support costs incurred by the postsecondary institution. When dual enrollment

is provided on The Basilica School site by CFK, The Basilica School shall reimburse the costs associated with the proportion of salary and benefits and other costs as defined in statute. When dual enrollment is provided on The Basilica School site by The Basilica School faculty, The Basilica School shall be responsible for any costs as defined in statute.

When applicable, CFK will submit an invoice to The Basilica School at the end of each fall and spring semester that reflects the costs of enrollment (credit hours of dual enrollment students enrolled in courses in face-to-face, hybrid, or online formats multiplied by the standard tuition rate of \$71.98 per credit hour) and salary and travel reimbursement for CFK instructors who taught dual enrollment courses at The Basilica School.

Accessibility Services – Students may apply for accommodations through Student Accessibility Services. The following services available to students through Student Accessibility Services include, but are not limited to:

- assistance in admission and course registration
- information and referrals to campus and community services
- advice on classroom accommodations
- liaison to faculty, provide assistance to faculty on effectively working with students with accessibility needs
- instructor notification of students with accessibility needs
- equipment loan
- modified or extended test-taking
- course substitutions

When classes are taught on a high school campus, The Basilica School will assume the cost of required accommodations to meet the expectations of the Individual Educational Plans.

15. Any institutional responsibilities for student transportation, if provided.

Transportation – Transportation for any student receiving dual enrollment instruction at any facility other than an The Basilica School campus shall be provided by the student and/or the parent/guardian of such students.

The Dual Enrollment Articulation Agreement is completed annually and submitted to the Department of Education by the Florida College System institution by August 1st of each year.

Pursuant to s. 1007.271(22), F.S., the Department of Education will maintain an electronic submission system for dual enrollment agreements and shall review these agreements for compliance with statute and report back to districts and Florida Colleges, if necessary.

IN TESTIMONY WHEREOF, BASILICA SCHOOL, AND THE DISTRICT BOARD OF TRUSTEES OF THE COLLEGE OF THE FLORIDA KEYS

Hereto have caused this contract to be executed by the undersigned officials as duly authorized on this 19th day of July, 2026.
