Ceramics Wheel Throwing

A class for those wishing to focus solely on the potter's wheel. Students will learn the basics of wheel throwing with an emphasis on improving technique, form, and glazing. We will utilize both class demonstrations and PowerPoint presentations to learn about the ceramic arts. Included in the class fee: a tool kit, and access to the studio during open studio hours outside of regular class time. Firing options for this class include reduction, raku, and wood/soda depending on the schedule.
