Students who register with the Office for Students with Disabilities are eligible for accommodation, support services and/or academic adjustments based on their individual needs as determined by the Coordinators of OSD and disability documentation. Accommodations are made at little or no expense to the student.

Submit a **VA Certification Request Form** each semester to let us know that you have registered and are ready to be certified. Certification can begin up to 60 days before the start of the term. Early certification will help ensure more timely payments from the VA.

If needed, submit a **tuition deferment form** to the business office to defer tuition and fees for up to 60 days without penalty. It is the student's responsibility to complete this form and submit to CFK Business Services.

Many students receiving veteran benefits are also eligible to receive various types of **financial aid** including grants and scholarships. The first step in applying for this aid is to complete the Free Application for Federal Student Aid at fafsa.ed.gov
