QUESTION 1

I understand the top line is for the total bid, then it says ‘ # of employees ‘ – Are you asking for the number of total employees we would need for this campus? Then the last line asks for an additional hourly rate – Our contract states that if extra hours are requested within a period, it is not billed at OT. Should we just put our regular hourly rate here and explain that?

ANSWER 1

The College would like to know the number of employees you employ (full-time and part-time). Also, please provide regular hourly rates where requested.
