Michael Downer

Edward “Eddie” Kertis

Daniel Leben

A Message from the CFK President

Dear Class of 2026,

The College of the Florida Keys celebrates its 60th anniversary as you graduate. Just as Monroe Junior College opened doors of opportunity to the residents of the Keys in 1965, when you stepped onto our campus or arrived at one of our centers you changed the world. As the College has evolved and grown, you too have been transformed into ambassadors for a more sustainable and brighter future. Congratulations and a heartfelt thank you for choosing CFK to be a part of your life's journey.

As you accept your diploma, consider the many sacrifices that you made to enjoy this moment. Show your appreciation for the loved ones, the community members, the mentors, and the College employees who helped you along this route. Your challenges are unique. They have tested your perseverance, grit, and dedication. Yet, you finished what you started. You have dared to dream and to make your dream a reality.

For 60 years, this College has built bridges and created pathways for students like you. Today, you join generations of CFK graduates including several from 1967, like Joey Garcia, who have strengthened our community and contributed to the Florida Keys and beyond. As we continue to sail toward new horizons, please carry the legacy of those who came before you and embrace the promise of all that lies ahead.

Congratulations, much success, and don't forget your alma mater.

A handwritten signature in black ink, appearing to read 'Jonathan Gueverra', with a large, stylized flourish at the end.

Jonathan Gueverra, Ed.D.
President & CEO
The College of the Florida Keys

Commencement Exercises

CFK President Dr. Jonathan Gueverra, Presiding

As a courtesy to those around you, please silence all electronic devices and phones during the ceremony. Please remain in your seats and refrain from moving to take photos during the ceremony. CFK will make all photos of graduates available at no charge via cfk.edu.

RECESSIONAL

“Happy”

Composed and performed by Pharrell Williams

Student Speaker

Jessica Lane Rojas

Class of 2026

Bachelor of Applied Science, Supervision and Management

Jessica Rojas took a non-traditional path to earning her degree, balancing full-time work, marriage, and academic responsibilities with determination and faith. Originally from Texas, she made her way to the Florida Keys, where she built both her career and her life.

For the past eight years, Jessica has worked in the real estate industry as a Transaction Coordinator and Office Administrator with a Berkshire Hathaway HomeServices affiliate. In her role, she oversees operations, compliance, and financial processes, supporting agents and ensuring smooth transactions from contract to closing. In addition to her professional career, Jessica helps manage the financial side of her family's property maintenance business and assists with administrative and financial responsibilities at her church.

While pursuing her Bachelor of Applied Science in Supervision and Management at The College of the Florida Keys, Jessica remained committed to growing her leadership and business skills. Her academic journey reflects her dedication to continuous improvement and her desire to create meaningful impact through her work.

Jessica is deeply grateful to God, her husband, and her parents for their unwavering encouragement and support throughout this journey.

After graduation, she looks forward to pursuing new professional opportunities where she can continue to grow in leadership, operations, and financial management while making a positive difference in her community.

Student Speaker

Araceli Lizette Dominguez

Class of 2026

Associate in Science, Nursing

Born in Homestead, Florida, Araceli Dominguez grew up in a single-parent household, raised by her mother with support from her father in Honduras. Their resilience and determination instilled strength, independence, and perseverance in her. These early lessons formed the foundation for her academic journey—one marked by both challenges and growth.

Inspired by a deep desire to support others during their most vulnerable moments, Araceli pursued a career in nursing. She believes nursing is more than a profession; it is an opportunity to guide patients when hope feels distant, offer reassurance in overwhelming moments, and provide clarity when it is needed most.

While attending CFK, Araceli served as the president of the Alpha to Omega Mentorship Club, where she created opportunities for peer support, academic growth, and professional development. Through one-on-one study sessions, test-taking strategies, and events such as mock interviews, she has empowered fellow students to succeed and prepare for their future careers.

Throughout her journey, Araceli faced personal challenges, including the health struggles of both of her parents. Balancing family responsibilities with academic demands tested her strength, but with the unwavering support of her husband, Philip, she persevered. His sacrifices, encouragement, and constant presence gave her the strength to continue, making this achievement a shared one.

After graduation, Araceli plans to pursue her Bachelor of Science in Nursing while preparing for the MCAT, with the goal of attending medical school. She aspires to become a cardiologist or family practice physician. Her mission is to help change the culture within healthcare by encouraging both patients and professionals to ask questions, seek help, and embrace learning as a pathway to growth.

Distinguished Alumnus Speaker

Christina Belotti, Ed.D.

AVID & Leadership Teacher

Marathon High School

Dr. Christina Belotti has served the Monroe County School District for the past 19 years. She began her career teaching fifth grade at Sugarloaf Elementary School before spending 15 years at Marathon Middle High School, where she taught Language Arts, Critical Thinking, Intensive Reading, and AVID. Remaining at her alma mater, three years ago she had the opportunity to work in a new capacity, teaching high school Leadership, AVID, and Intensive Reading, while also serving as the Student Government Association Faculty Advisor.

Dr. Belotti was selected by her colleagues as Teacher of the Year in 2012–2013 and 2022–2023. In her current role, she is dedicated to guiding students as they explore post graduation pathways and champions The College of the Florida Keys as a strong postsecondary option for many of her AVID students.

Dr. Belotti earned an Associate in Arts from CFK in 2004 before completing Barry University's 2+2 program on the CFK Key West Campus, where she received her bachelor's degree in Elementary Education. She later earned a master's degree in Secondary Literacy and a doctorate in Education with a concentration in teacher leadership, both from Walden University.

Deeply committed to service, Dr. Belotti is a board member and active volunteer with the Educational Coalition for Monroe County (ECMC). Through ECMC, she co-sponsors the Marathon High School Champions for Change youth organization, empowering students to serve as peer to peer prevention leaders and support classmates facing poverty and other challenges. She oversees several initiatives, including the Teen Weekend Food Bag Program, the Champions for Change Clothing Exchange, and the Gifts for Teens Program.

An avid runner, reader, fitness enthusiast, Disney fan, and dedicated community volunteer, Dr. Belotti credits her mother, Tina Belotti—also a CFK alumna—for inspiring her passion for education and service.

Keynote Speaker

Timothy A. Stockwell **Papa 2025, Hemingway Look-Alike Society**

Timothy A. Stockwell possesses more than four decades of leadership experience working with businesses and organizations around the world. Over the course of his career, he has worked with executive teams and family-owned companies to strengthen operations, align people with processes and technology, and support long-term growth.

His work has taken him across the globe, with responsibility for teams and operations in more than 60 countries. Through this experience, he has developed a deep appreciation for the role of people, culture, and collaboration in building successful organizations.

Now based in Key West, Tim is an active member of the community. In 2025, he was named the winner of the 44th Annual Ernest Hemingway Look-Alike Contest. He currently serves as Vice President of the Board of Directors for Sloppy Joe's Foundation and is the former Chairman of the Mid-America Region of the Rolls-Royce Owners' Club, Inc.

Tim and his wife, Kathleen, have a large and growing family, including six children, nine grandchildren, and three great-grandchildren.

The Academic Processional

The academic processional officially preludes the Commencement ceremonies on college and university campuses and is one of the oldest and most colorful customs.

The traditions surrounding academic ceremonies, such as Commencement, are rooted in the customs of the Middle Ages when universities were first formed. Gowns and mortar boards, or caps, were a common form of dress during that era. Today, graduates wear colorful academic apparel, signifying their alma maters and highest degrees received.

ACADEMIC REGALIA

Graduation gowns of associates, bachelors, and masters are usually without trimmings of any sort, whereas those of doctors are faced down the front with velvet and adorned with three velvet bars on the sleeves. College president gowns have four velvet bars.

Attached to a button atop the **mortarboard** is a **tassel**, worn on the right side until degrees are conferred.

The **hood** is a triangular fold of cloth worn over the back of the gown. The colors of the face denote the wearer's degree and the colors of the lining are those of the college or university that granted the degree. The length of the hood is correspondingly longer with each higher degree.

The **colors** of the wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves and the borders of most hoods, represent the scholarly field of the wearer:

Blue Violet Architecture

Light Blue Education

Crimson Communication

Apricot Nursing

White Arts, Letters and Humanities

Orange Engineering

Purple Law

Dark Blue Philosophy

Drab Business

Brown Fine Arts

Lemon Library

Gold Science

PRESIDENTIAL REGALIA

The **Presidential Medallion** and **Chains of Office** comprise the large metal necklace worn by a college's president as part of official ceremonial regalia. Both are ancient symbols of authority and important expressions that honor the history and traditions of higher education.

CEREMONIAL ACADEMIC MACE

The **Ceremonial Academic Mace** is an institutional symbol of strength and authority. CFK's official mace was created in 2022 by a committee comprised of employees in collaboration with artists from the College and the community. Carefully crafted to reflect CFK's unique values and personality, the design represents a legacy of academic excellence, student achievement, and commitment to the Keys community.

The CFK Mace combines art media, consisting of pewter, wood, and glass. The Mace's shaft is embellished with palm trees. The fronds are carved into Cuban Mahogany and the trunk is made from a Sapodilla tree that once grew on the Key West Campus. Pewter coins depicting the College's seal and colorful tassels representing each academic and career training program encircle the mace. Above the coins is a pewter Tuga, the College's mascot and symbol of strength and perseverance. The top is adorned with an orange and blue blown glass sphere inspired by the sun and ocean of the Florida Keys.

The College recognizes and thanks the artists who brought the mace to life: metal artist Reen Stanhouse, wood artists Stephen Hatchett (mace) and Lieutenant David Black (stand), and blown glass artist Wes Hunting.

NURSING CANDLE

The illumination of candles by graduate nurses represents the flame used by Florence Nightingale, the founder of modern nursing, to shed light on the poor conditions of wounded soldiers during the Crimean War. The reading of the Florence Nightingale Oath dedicates graduate nurses to the highest standards and responsibilities of the profession of nursing.

CFK Student Clubs

Alpha to Omega enhances academic success, personal growth, and peer connection through student-led tutoring, study support, and mentorship opportunities.

Astronomy Club allows students to learn and enthuse about astronomy in a space with like-minded peers, learn presentation and research skills, and develop a better understanding of space.

CFK Aquaculture Society works to further national aquaculture societies' outreach, providing benefits, activities, and news to students at CFK. This club provides professional networking opportunities and hands-on laboratory mentorship for students to learn about and master technician level skills in marine and freshwater aquaculture.

Gardening Club is a community of students who come together to explore the joys of gardening and the benefits of green spaces. Our mission is to promote sustainability, mindfulness, and hands-on learning through regular gardening activities and events.

Geeks and Gamers Club serves as a place for technologically driven students to discuss topics related to gaming, film and TV, as well as partake in book reviews, board games and competitions.

Mud Pi is a student-based, extracurricular organization dedicated to advancing ceramic arts at CFK, and surrounding communities. The purpose of the club is to expand the awareness of the ceramic arts and to support personal growth through self-expression in clay.

Phi Theta Kappa Honor Society recognizes academic achievement of college students and provides opportunities for them to grow as scholars and leaders. Phi Theta Kappa Honor Society is open to students who have completed at least 12 credits of coursework and have a GPA of 3.25 or higher.

Scuba Club seeks to unite CFK students through passion for the underwater world and to build connections within the environment. The club educates and builds awareness of the importance of these ecosystems through scuba diving events, community service, outreach efforts, and other fun activities.

Sigma Beta Delta Honor Society is an honor society that recognizes and encourages scholarship and achievement among students in business programs, promoting professional growth and a life of honorable service.

CFK Student Clubs

Special Olympics Club promotes inclusion, support individuals with intellectual disabilities, and foster volunteerism through participation in community events. The club aims to raise awareness and provide opportunities for all students to engage in inclusive activities together.

Student Government Association provides guidance and direction to the student body and develops student programs and activities, promoting student involvement. Students are provided with opportunities to develop and exercise their leadership skills.

Student Nurses Association is a local chapter of the National Student Nurses Association. The mission of the CFK chapter is to support health and wellness through education, advocacy, and community activities.

Veterans Club is a local chapter of the Student Veterans of America and is dedicated to helping fellow veterans in the transition from military to college life.
